Census, Bureau of the 3, 13, 643, 647, 656
  Agriculture, Census of 684
  Business, Manufacturers, and Mineral Industries, Censuses of 686
  Documents, sale of 668, 675
  Electronics equipment 670
  Intercensal housing survey 688
  Salaries and expenses 662
    Census tracts 678
    Coffee inventories, census of 683
    Estimates, 1956, analysis of 671
    Nursing home census 681
    Population and housing 678
    Special population census 677
    Used automobile industry, survey of 676
  Types of censuses 664
  Univac 29
Civil Aeronautics Administration 4, 14, 189, 208
  Air navigational aids, establishment of 265
    Aeronautical communications stations 277
    Airborne radio equipment 276
    Canton Island 273, 276
    Contracts, liquidation of 278
    Radar equipment 271, 273, 275, 277
    Radar safety beacons 277
    Resistance voltage converter 276
    Test sets for automatic pilots 276
    VOR and DME, estimates for 270
  Air navigation development 308
    Air defense coordination 315
    Air traffic control 315, 318
    Board, achievements of 319, 326
    Other objects 322
    Personal services 316, 317
    Rotary wing aircraft, development of navigation system for 314

Civil Aeronautics Administration—Continued
Air navigation development—Continued Page
Simulation 315
Tacan, development of 313
Airplanes, cost of operating 230
Airports, grants-in-aid for 238, 278
Administrative costs 292
Airport planning standard 286
Analysis of request 282
Bonds sold or authorized for airport development 283
Contract authorization, liquidation of 297
Criteria for determining priorities of work 282, 291, 295
Distribution of estimates, 1956, among the States 286
Eligibility for Federal aid, formula for determining 281, 291
Large airports based upon total operations 291
Reducation in program, reason for 295
Terminal buildings, Federal participation in construction of 239
Alaska communications 199
Budget structure 217, 227
Estimates, 1956, and appropriotions, 1955 217, 226, 231
Federal aid to airports (*see also* Airports, grants-in-aid for, this index) 238, 278
Contract authorization, liquidation of 297
Operation and regulation 208
Airports 262
Aviation safety 243
Aviation medical standards survey 245
Inspection and accident investigations, workload of 258
Navigational aids 249
Personnel, reduction in 249
Safety experiments and tests 252
Transfer of certain safety activities to industry 243
Travel, increase for 260
Federal airways 223
All-weather airways system, requirements for complete 235
Central systems at airports, installation of 237
Discontinuance of facilities 224
Personnel, increase in 220, 221, 228, 233
Public airports, Alaska, maintenance and operation 305
Tacan 14, 189, 218, 224, 270, 313
VOR/DME:
Advisability of further installation of 14, 189, 218, 224, 270
Estimates for 270
Washington National Airport 200, 202, 298
Construction 302
Maintenance and operation 298
Civil Aeronautics Board 329
Certificates of convenience and necessity, backlog of applications for 31, 349
Payments to air carriers 359
Claims:
Current funds, adequacy of 376
Procedure for payment of 377
Estimated payments, summary of 362
Local service carriers, restriction on payments to 384
Obligations and expenditures, status of 375
Pan American Airways, subsidiaries or affiliates of 384
Procedure for determining 391
Recoveries under recent Supreme Court decision 373
Reorganization Plan No. 10, effect on rates 344
Selling expense accounts 369
Service mail pay:
Estimate, 1956 368
Increase in payments 382
Subsidies:
Estimate, 1956 368
Operations, total accruing for 366
Status, of data on 363
Taxes paid by airlines 383
